Ebook Details:

Review: Its a pretty good overview of society and leisure. Little definitions on the sides of a page make it easier to follow and pick out important ideas. Written in simple language, however some of the concept are oversimplified (inadequate explanation Sapir-Whorf hypothesis for example). I also found inconsistencies with other texts, for example in the...

Description: Pastimes is an introductory text. It gathers together the state of the art in leisure science and practice, reflecting as well a wide range of literature from the disciplines of sociology, psychology, economics, political science, and anthropology. More than a text that teaches the foundational meanings and roles of leisure, however, Pastimes is also...
